Profile

Web Developer with 12+ years of experience. Frontend focus. Love ❤️ JavaScript / TS, HTML, animations, and good UX. Projects with 200k users/day and 3TB/day frontend traffic. Agile approach. Organized.

Employment

Individual entrepreneur

In partnership: Yode, Antepa, Rocket Business

Sep 2020 – Present, Remote

- Launched 30+ web marketing projects with the “Yode” (yode.co) partner. In collaboration with major brands: Pyaterocha & Magnit retail chains, UNGA agency, Coke collab, Brawl Stars collab, Sony Pictures Monster Vacation collab & more.
- Create promo and landing pages with more than 200k daily visitors (Pyaterocha & Coke collab).
- Produced webview games – the Match2 game for Pyaterocha & Brawl Stars, more than 1.5M players over the campaign, 80k unique players in peak, more than 3TB frontend traffic daily. Software design based on OOP + event-driven programming with JS Promises. On-the-fly level editor. SSG.
- Evolve web direction of the business For “Yode” partner. Increased number of web projects from 3-5/year to 20+. Quality standards, UX/UI, optimization. Implementing webview projects, web games, new promo pages components.
- Solved technically complex tasks with a short time required. As an example, for the “Antepa” partner, in one month redesign & refactor the Django site of the chain of dental clinics, fixed data uploads.

Co-Founder, IT Director

Rocket Business (rocketbusiness.agency)

Sep 2010 - Sep 2020
